Meet Tyaja

Tyaja is a 24 year old Secretary and student, and the Founder of Big is Beautiful.

Tyaja's favorite quote is "When you're a plus size woman, people like to say "Yeah she's cute in the face." as if being full figured is such a disgrace. Honey, I'm cute in the face and thicker in the waist. I look good whether I'm in cotton, leather, or lace. I'm beautiful, vibrant and above all smart! There's more to me than my weight, I also have a heart. Yes my clothes may be a bigger size that just means you have access to a bigger prize. We all are not self-conscious about our weight and we never have a problem getting a date. Waiting on my god sent, so don't hate. So don't think small frame gives you more pull, I'm a hot, sexy, curvy woman with a figure that's full." - Unknown This quote is a huge part of why she started her organization, titled "Big Is Beautiful"...
